KNIGHTS OF HONOR meet alternate Wednesday evenings, as follows: July 21st and 28th, August 4th, 11th and 18th, September 14th and 21st, October 12th and 19th, November 9th and 16th, and December 7th and 14th.  
J. W. WILKINSON, Reporter.

Thanks to Mrs. Haller for a fine bouquet of rare flowers.

Dr. May, of Annapolis, has our thanks for the first watermelon and muskmelon presented us this season.

The Knights of Honor meet to-night (21st). Full attendance requested. Installation of officers takes place.

Saturday last was the hottest day of the season, the thermometer denoting an average of 87 degrees for the twenty-four hours.

The Bonanza opened on Monday morning, and business started in with a rush which has not abated. See list of prices in our advertising columns.

Lost—Last week, a memorandum book, belonging to Dr. W. G. Thomas. Finder will please leave it at the Pilot Knob drug store, and receive his reward.

Rev. J. M. Baker will preach in the Baptist Church in Ironton, Friday evening, the 22d, at 8 o'clock. All are invited; especially the unconverted, as the service will be especially for their benefit.

A dinner and festival will be given at Cedar Grove Church near Caledonia, on Thursday, 21st inst., for the benefit of the new church now in course of construction at that place. Everybody is cordially invited.

Work has been commenced on the Presbyterian bell-tower, and in the course of a few weeks it will be finished. It will add considerably to the good appearance of the building. Messrs. Purkiss and Evans are doing the work.

NOTICE.—All persons are hereby notified that trespassers on the farm belonging to the Michigan Barrel Co., heretofore known as the Vail place, will be punished to the full extent of the law.  
J. T. AKER, Agent  
Michigan Barrel Co.

More brick are being made in the Valley this summer than for years before. Mr. Keeling has successfully turned one kiln, and will shortly have another ready for firing, while Baldwin Bros. are now getting the "water-smoke" out of the kiln intended for the Academy of Music Building.

LENNER.—Attention is directed to the card of Mr. Lightfoot in our advertising columns. Mr. L. is prepared to furnish rough and dressed lumber of all kinds at short notice, and our people will find him an honest and accomplished man to do business with.

NEW BARBER.—S. S. Vaughn has opened a barber shop in Hutson's building, just south of Gardner's clothing store, and he desires us to state that he will shave, shampoo cut hair, etc., in good style, at the usual rates. His shop will be neatly and cleanly kept, and all the appliances of the trade are up to the mark.

Judge Hancock, whose farm is situated about one mile north of Pilot Knob, says he discovered chinch-bugs in his corn the other day. This is the first infestation we have had of the presence of these pests, and we trust it may be an exceptional case. Corn is looking well all over the county, and if no disaster intervenes a large crop will be gathered in the fall.

Take care of your LIVER. A great number of the diseases to which mankind are liable arise from a disordered condition of this organ. Keep it in a sound and healthy condition, and you can defy disease. Prickly Ash Bitters is especially adapted for this purpose, being composed of drugs which act on the liver, giving it tone and strength to withstand malaria.

NOTICE.—It is incumbent on all persons performing marriage ceremonies to make returns of their proceedings upon the marriage license retained by them, within ninety days from the time of performing such ceremony, under the penalty of the statute as provided by the marriage license law.  
J. H. HUFF, Circuit Clerk  
And Ex-Officio Recorder for Iron Co., Mo.

THE LIBRARY OF UNIVERSAL KNOWLEDGE.—The superlative value and importance of this great Encyclopedia lies especially in the fact that it is brought within the reach of every one who aspires after knowledge and culture. It brings a liberal education easily within the reach even of every plowboy of the country. Every farmer and every mechanic in the land owes it to himself and to his children that such a cyclopedia shall henceforth form a part of the outfit of his home. To the professional man and every person of intelligence in every walk of life, a cyclopedia is a necessity. See advertisement elsewhere.

MARRIED.—By the Rev. A. W. Wright, on Tuesday, July 19th, 1881, at the residence of the bride's parents, Mr. JOHN T. BALDWIN to Miss ESTELLA A. MOSER—all of Ironton, Mo. The ceremony was performed at 10:30 o'clock A. M., and at 12 the "two hearts that beat as one" were speeding toward Poplar Bluff—their home of the groom. And so passes from a single life to married happiness as worthy a young couple as the Valley contains.

We beg leave to congratulate them upon this auspicious culmination of their desires. May their felicity equal their deserts, be as good a prayer as we can send after them on their bridal trip.

A Fool Once More.

"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a U. S. flag with HOO BROTHERS on it, and I thought I had found a fool once more. I tried it, but my wife would not be wiser. Two bottles cured her. She is now as well and strong as any man's wife, and it cost me only two dollars. Such folly pays."—H. W. DETROIT, Mich.

A combination of the following companies: The Iron Mountain Co., the Pilot Knob Iron Co., the Grand Tower Mfg. Co., the Vulcan Iron and Steel Co., Chouteau, Harrison & Vail, and the Juniper Co., was definitely formed last Monday, each of them losing their distinctive title and merging into the Missouri Iron Company, a corporation with a capital of \$100,000, which will hereafter take the place of each and all of the others, and do all the work which they have been doing. The negotiations have been pending for some time, but there was great difficulty in arranging a basis of settlement. In the new company the Iron Mountain Company will take \$4,000, 400 of stock, and the other companies in proportion. The Iron Mountain Mining Company is the wealthiest one in the State; and the Pilot Knob Iron Company is the second largest.

The most terrible thunderstorm we ever witnessed in this section occurred last Sunday afternoon. The day had been extremely warm up to eleven o'clock, when a storm of wind and rain cooled off the atmosphere for a couple of hours, but at two o'clock it was stifling hot again. About three o'clock a heavy bank of black clouds arose in the north and northeast, and approached rapidly. At length the frequent flashes of lightning, and a few minutes later heaven's artillery flashed down valley after valley. Probably a dozen thunderbolts descended within the confines of the Valley, though the effects of but two or three were observable. One struck Mr. Salsberry's residence, damaging the north wall somewhat. It applied there was no harm in the house at the time. Another killed a dog in the street in that vicinity, and another killed a dog under a negro cabin on Zion's Hill. Still another flashed down on two canines near the depot and stopped the wagging of their tails forever. No human being was hurt, fortunately; but some nerves were so unsettled that they have scarcely yet regained their normal status. The wind was pretty high, too, and we learn that some havoc was done among the trees in the forest's around, and in one or two instances standing corn in the fields blown down.

KILLED BY THE CARS.—One of the most deplorable accidents, against the occurrence of which there appears to be no sufficient safeguard possible, occurred at the Ironton depot last Saturday. Adam H. Rold, a resident of Ironton, employed in the mines on Pilot Knob, started to go to the Company's office for the purpose of drawing his monthly pay. He walked up the railroad track, and when he reached the depot the pusher was there switching some cars, and No. 25 was just starting out. It was supposed for no one saw him at the time—that he stepped off the main track to the side track, to let No. 25 pass. Just at this time the pusher was backing up four cars on the side track, and in getting out of the way of the train on the main track he got in the way of them. He was run over and instantly killed, his body being horribly mangled. The train men on No. 25 were the first to see the accident, and it was through them that the pusher crew were made aware of it. No possible blame can attach to the men of the pusher. One of the cars they were backing up was piled high with lumber, and a man behind it could not be seen from the engine. Mr. Roberts, the engineer, and Mr. Andrews, conductor, are both careful, steady men; and, though entirely without fault, they feel greatly cut up over the accident. Mr. Harbold was a sober, hard-working and honest man. He leaves a wife and three children, who have the sympathies of the whole community.

Crowder Grandhouse held an inquest over the body, and the following is the verdict of the jury:  
We, the jury, having been duly sworn and

I hereby give notice to the delinquent tax-payers of Iron county that unless they settle up at once I will enforce the law against them by bringing suit.  
JULY 20TH, 1881.

JAS. BUFORD, Collector.

University of the State of Missouri.

COLUMBIA, Boone County, Mo., July 20th, 1881.

TO THE CLERK OF THE IRON COUNTY COURT.  
SIR—It is my duty to inform you that under the provisions of an Act of the General Assembly, approved April 1, 1873, (vide Session Acts, 1872, pp. 168-69, and Rev. Stat., 1875, Sec. 2367, 2368) your county is entitled to send to the departments of the State University at Columbia and Rolla during the year ending July 1, 1882, three students between the ages of sixteen and twenty-five years. Under the rules adopted by the Board of Curators students "shall possess a good moral character, and pass a satisfactory examination in orthography, reading, writing, arithmetic and geography," and must pay the fees prescribed by said Act, to wit: On matriculating an entrance fee of ten dollars, and contingent fee of five dollars; and a like contingent fee at the beginning of the second half year, making the whole annual charge twenty dollars; which must be paid by every student, except regularly ordained ministers of the Gospel belonging to any of the various religious denominations in the State and indigent young men preparing for the ministry. For the schools of Law and Medicine and Engineering the annual charge is forty dollars each. The session of all the departments, under the presidency of Samuel S. Laws, LL.D., will begin

On the Second Monday (12th) of September,

and will continue until the first Thursday of June, 1882—except that of the School of Mines and Metallurgy at Rolla, which will continue one week later.

Ample provision has been made for the education and care of young women in all the classes of the University, and a course of study specially adapted for them has been adopted. See Catalogue 1880-81, pages 66 to 68, 146 and 147. A girls' home for about twenty boarders has been provided adjacent to the campus, under the care of the Lady Principal, Mrs. Carr.

I beg to call your attention to the appended extract from the law on this subject. You will please, after giving two weeks' publication to this certificate, transmit to me on or before September 1st, a list of all the names of the youth of your county who intend to make application for entrance into the University at the commencement of the next session.

If such a list is not transmitted, students from other counties will be allowed to enter in lieu of those to which your county is entitled.

Board can be had in clubs in the college buildings for male students at \$2.25 per week; in private families at \$3.00 to \$4.50.

I am very respectfully, your obedient servant,  
ROBERT L. TOLSON,  
Secretary Board of Curators University of Missouri.

"The Secretary of the Board of Curators shall cause to be transmitted to the Clerk of each County Court in this State a certificate stating the number of pupils that such county is entitled to send to the State University the next scholastic year, which certificate shall be furnished by each county clerk FOR TWO WEEKS, in a newspaper published in such county. The expense thereof to be allowed by the County Court, and paid for out of the County Treasury." Persons desiring to enter the State University at Columbia or Rolla, are required to make known their intention to me on or before September 1, 1881.  
Catalogues of the University can be had on application to the University Librarian, Columbia, Mo., or at my office.  
G. B. NALL,  
Clerk of County Court of Iron county, Mo.

## Trustee's Sale.

WHEREAS, Henry S. Stevenson and Margaret E. Stevenson, his wife, by their certain deed of trust dated the 7th day of June, 1879, and recorded in Book "V," at pages 355 and 356, of the records in the office of the Clerk of the Circuit Court and ex-officio Recorder for Iron county, Missouri, conveyed to the undersigned the following described real estate, situate in the County of Iron, State of Missouri, to wit: The south half of the northeast quarter, and the south half of the southwest quarter, and the northeast quarter of the northeast quarter, and fourteen acres being the south part of the northeast quarter of the northeast quarter of section twenty (20) as lies north of a branch running through the same known as Hayne's Branch, and so much of the southeast quarter of the southwest quarter and the southeast quarter of the southwest quarter of section twenty (20) as lies north and east of Marble Creek—said township thirty-three (33), north, of range four (4) east; and also all that part of the northeast quarter of the northeast quarter of section twenty-one (21), in township thirty-three (33), north, of range four (4) east, lying north and east of Marble Creek; Which said conveyance was made to the undersigned in trust to secure the payment of a certain promissory note therein described; and, whereas, said note has become due and payable, but remains unpaid; Now, therefore, by virtue of the power in me vested, at the request and directions of the legal owner and holder of said note, and in pursuance of the terms of said deed, the undersigned, sell, on

Monday, the First day of August, 1881, between the hours of ten o'clock in the forenoon and five o'clock in the afternoon of said day, at the east front door of the courthouse in the City of Ironton, County of Iron, and State of Missouri, sell the above described real estate, at public auction, for cash, to the highest bidder, for the purpose of satisfying said note. Interest and the costs of executing this trust.  
JOHN F. T. EDWARDS,  
Trustee.
